# Data Saves Lives

# Making better use of Health-Data

**BUILDING A HEALTH DATA COMMUNITY**

**PATIENT-LED PORTAL**

**COMMUNIATIONS CAMPAIGN**

**TOOLS TO EMPOWER**

## Principles
INTEGRITY | TRANSPARENCY | NEUTRALITY

## Objectives

- ✓ The potential value of health data
- ✓ Empower patients and healthcare professionals to realize the potential of new sources of data and new ways of using digital technologies
- ✓ Create resources adaptable to use at national/local level
- ✓ Show real-life examples on how data is used for the benefit of patients
- ✓ Increase trust in how data is used

*"A Europe where informed data sharing supports health and scientific research to meet the needs of patients and address the challenges faced by our healthcare systems"*
